EDUCATION

Florida State University Honors Program   *August 2020 - May 2025*
Bachelor of Arts in Computer Science and Music | GPA: 3.942/4.00
- Relevant Coursework: Calculus, Programming in C++, Unix Fundamentals, Discrete Math
- Anticipated Coursework (Fall): Data Structures and Algorithms, Computer Organization

PROJECTS

Pokémon Console Game (C++)   *April 2023*
- Built a *Pokémon Go* style console game, enabling the user to catch, sort, and research their Pokémon using an external text file with hundreds of data entries.
- Coded in **C++** to provide a seamless, ease-of-use game experience through various menu options and the ability to choose different regions to play in.

Notion Widgets and Product Webpage | Link   *June 2023– July 2023*
- Built a calculator and a time/date clock display widget that can be embedded on Notion pages, along with website to showcase the widgets and steps to integrate.
- The widgets and website are built using **HTML, CSS, and JavaScript** with the website designed in **Figma**.

SKILLS

Programming: C++, HTML, CSS, JavaScript (familiar)
Technologies: UNIX, VS Code, Figma (familiar), Procreate, MS Office Suite
Languages: English (Native), Russian (Speaking: Proficient)

WORK EXPERIENCE

College Algebra Learning Assistant   *August 2023 – Present*
Florida State University
- Assisting dozens of college algebra students by offering weekly office hours and guidance during class to help them deeply understand the material and be successful in their coursework.

Office Clerk   *December 2020 - September 2021*
Florida State University Office of Admissions
- Responsible for handling thousands of confidential student admission files and categorization through an online data-based system. Reviewed hundreds of student applications for scores and coursework to prepare university acceptances.

ACTIVITIES AND LEADERSHIP

Rewriting the Code (RTC)   *July 2023 - Present*
- Member of *Rewriting the Code,* a national organization that supports and empowers women in tech through intersectional communities, mentorship, industry experience, and educational resources to become the next generation of engineers and tech leaders.

FSU Programming Contest   *April 2023*
Florida State University
- Placed in the top twenty of the FSU ACM Programming Contest, an ICPC-style contest coding solutions in C++.

Marketing Coordinator   *August 2021 – April 2022*
Tau Beta Sigma: For Greater Music Benefit Concert
- Led and delegated a marketing team to promote the event and gain sponsors, raising over $8,000 for band programs of Title I Schools in Leon County.
- Parliamentarian executive member of Tau Beta Sigma, a music service sorority.

Section Leader   *August 2022 – December 2022*
Florida State University Marching Chiefs
- Served as one of the head flute section leaders of the Marching Chiefs, instructing 34 flute and piccolo students through marching and playing techniques and fundamentals to create elaborate weekly performances for thousands of people.
